

Let's start again together!

**Let's guarantee all together
everyone's safety!**

Museo Nazionale Romano
reopens its four locations with
a special protocol to guarantee
a visit in the safest conditions!

**During this first phase
of reopening, visits will
be organised in accordance
with the following
indications.**

Before the visit: access to the museum

Visitors can access the museum only in the hour indicated on the ticket. Visitors must be equipped with a mask covering the nose and the mouth.

Immediately before entering the museum, infrared devices will measure the body temperature. The control is mandatory upon access.

In case of detection of a body temperature above 37.5 °, visitors cannot proceed with the visit and must immediately return to their home with the obligation to notify the general practitioner (GP).

Visitors are kindly requested to provide personal data (name, surname, telephone number) which will be communicated to the health authorities.

The ticket will not be refunded.
Once the temperature is measured, the visitors will pass the ticket check.

During the visit

In each of the four museums there will be panels and signage with information in compliance with health regulations indicating the correct behavior to be followed during the visit.

The mask must be worn for the entire duration of the visit.

It is mandatory to disinfect the hands with the gel made available by the Museum.

It is mandatory to maintain the interpersonal safety distance of 1,5 meters, except for families.

It is mandatory to avoid gatherings between visitors.

It is mandatory to comply with the instructions of the surveillance staff who will verify compliance with all regulations.

i let's start
again together

Visiting paths

All the visiting paths are “one-way”, in order to avoid that visitors cross each other’s way as much as possible.

PALAZZO ALTEMPS

First floor of the Palace including the visit to the exhibition “de Pisis”

PALAZZO MASSIMO

Ground and second floor

TERME DI DIOCLEZIANO

Great Halls of the Baths (8th, 9th, 10th, 11th and 11th bis)
Natatio (Pool of the Baths)
Michelangiolesque Cloister
Small Cloister
Rooms 1, 2, 3 of the Museum of Written Communications of the Romans
Garden of the Five Hundreds

CRYPTA BALBI

Ground floor

Before the visit, the visitor can download from the website of Museo Nazionale Romano the maps of the four museums with the visiting paths: www.museonazionaleromano.beniculturali.it

In the each of the four museums there will also be panels and signage with indications relating to the visiting path.

 **let's start
again together**

GROUPS

Group visits, with or without guide, are allowed up to a maximum of 14 participants, including the guide.

During the visit it is mandatory the use of own protective devices (masks to protect the mouth and nose that must be worn during the entire visit, also by the guide) and the respect of the safety distance.

In the case of heterogeneous groups, accompanied by a guide, the latter must enforce the safety distance within the group.

AUDIOGUIDES, VIRTUAL REALITY DEVICES

The rental of audioguides, virtual reality devices with keyboards and viewers is suspended.

WARDROBE AND LOCKERS

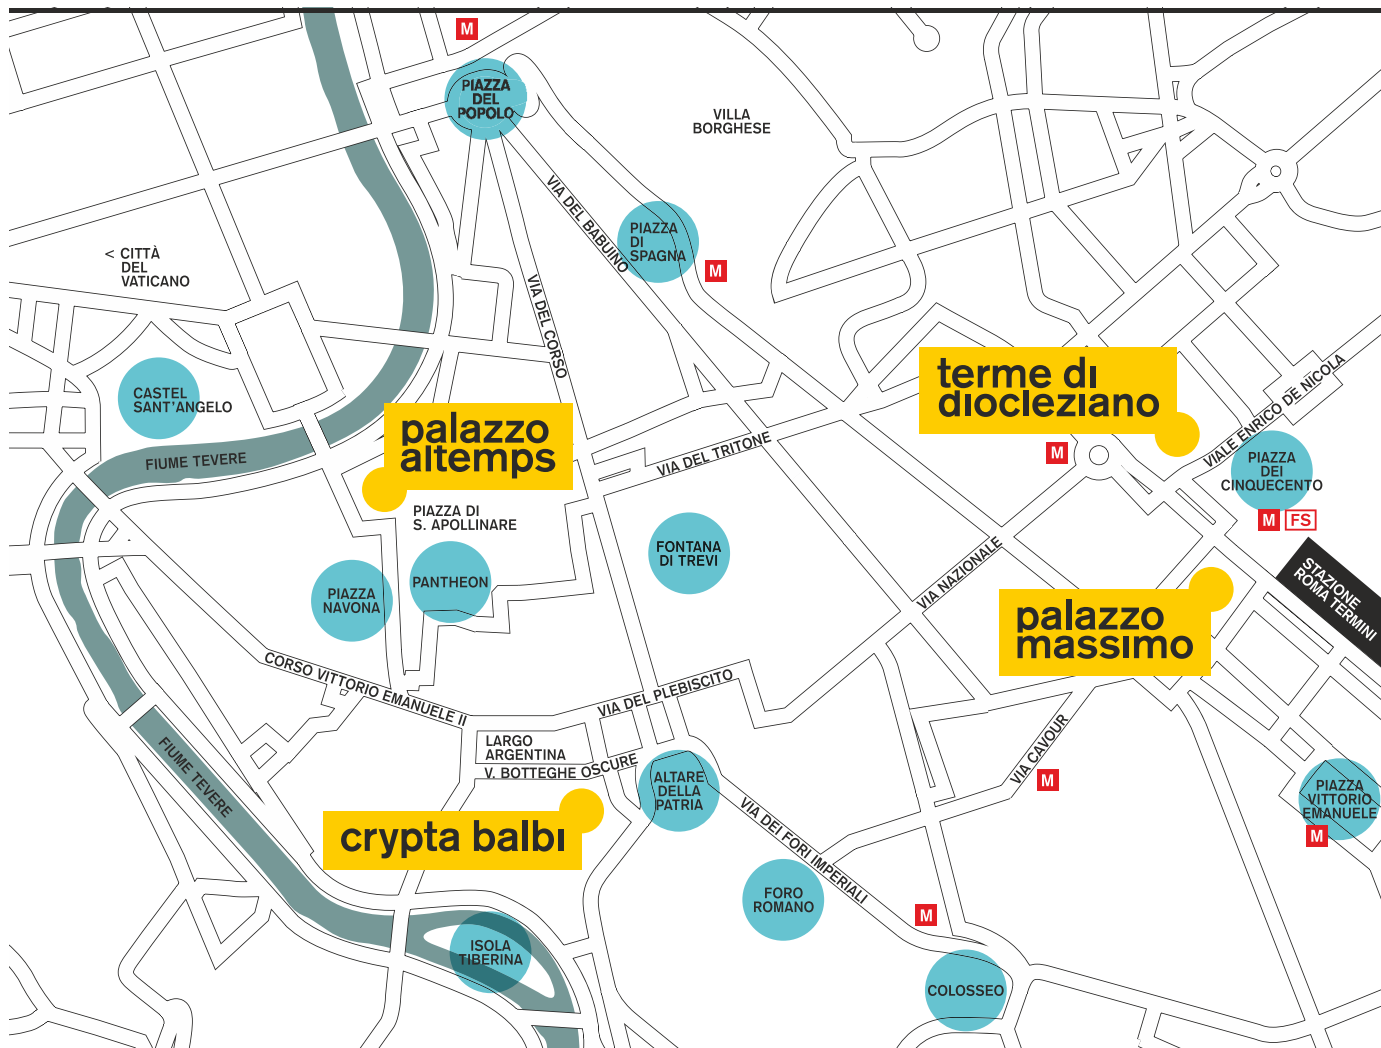

The cloakroom service is suspended. It is possible to use the bag lockers that will be sanitized after each visiting slot.

ELEVATORS

Elevators can be used by one person with reduced mobility who may be eventually accompanied by one other person at a time.

TOILET

Toilet access will be regulated in order to provide social distancing (1,50 meters).
